

Sub: Tour Report of Dr. Arshid Nazir, APM, Maternal health & Dr. Adil Bashir, APM, ASHA.

In compliance to order no. 28 of 2015 dt. 11-05-2015, a tour was conducted by the above mentioned officers for monitoring & supervising the RBSK Screening camp held at DPS Kathua on 13th – 14th May, 2015.

In this two day camp, 914 Children of various schools were screened under RBSK and were provided with Tab. Albendazole for deworming & Vit. A supplementation to Under 5 children was also provided. Those children who had some minor ailments like skin infection, ear discharge, dental caries, etc. were advised to visit District Hospital, Kathua.

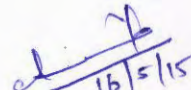

Besides screening, adolescent girls were also counselled on adolescent health & hygiene practices and were given free sanitary napkins.

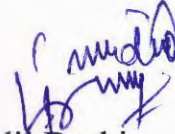

During the camp, one case each of Congenital heart Disease (CHD) & Congenital cataract were found positive and were referred to DEIC Kathua for further evaluation & management.

The schools who were screened in the camp include:

1. Delhi Public School, Kathua.
2. Amar Jyoti School, Rajbagh, Kathua.
3. Little Flowers School, Kathua.
4. Govt. Boys Middle School, Rajbagh, Kathua.
5. Govt. Girls Middle School, Rajbagh, Kathua.
6. Govt. Middle School, Chann Rorian, Kathua.
7. Govt. Middle School, Hamirpur, Kathua.

Submitted for your kind perusal.
